

Business owners hold responsibility for being health and safety compliant - not only will you be legally responsible but also enhance all process efficiency and productivity for your workplace while looking after your staff properly.

Health and safety support package includes:

- On site initial review
- Development of bespoke health and safety policy
- Provision of risk assessment process and risk assessment support
- Ongoing legislative updates
- Annual Health and Safety review

ABOUT US

WHO WE ARE

Our company is a leading provider of quality, client-focused **Health and Safety Consultancy** and **Training Solutions**. We have a vast course portfolio to support your training and compliance needs including **First Aid and all levels of Health and Safety**, from short courses such as **manual handling and asbestos awareness** to **NEBOSH, IOSH, APS and Level 6** programmes.

Any course you need, we offer a solution

CLIENT

TESTIMONIAL

"We have used Global Horizons Skills over the past few years for statutory health and safety training and have found the quality of training/trainers to be excellent and to a very high standard.

Participants have all agreed knowledge they have gained from training sessions has been exceptional and delivered in a friendly and positive learning environment"

JULIE HETHERINGTON,

Human Resources Manager, North-West News Group
